

INT. KITCHEN - DAY

we are looking from a counter top lit with bright daylight from a big window. A few kitchen accessories are visible in the corners of the screen. We are looking down on the counter top from a first-person view.

TITLE OVER: Recipe for an Exceptional Quality of Life.

Two hands appear on screen, they place a cake with the rough edges and topography of Geneva in the counter top. The mountains, the river and the lake of Geneva are already recognisable. When the cake is on screen, an old Swiss watch is held in front of the cake, hiding it from the viewer. The watch is ticking quickly.

TITLE OVER: Start with a grand slice of history.

The old watch is removed from screen and a few houses were placed on the cake while the watch was in front of it.

Hands appear on screen again and they start sprinkling some trees on different parts of the cake. Some extra attention is given to a place next to the lake, which represents Jardin Anglais.

TITLE OVER: Sprinkle with welcoming parks and green spaces.

A big water jet appears in the lake

TITLE OVER: Soften it up by drawing from the water jet.

A road made out of fondant is rolled out next to the park and it makes a bridge over the river. Some extra houses are added next to the road.

TITLE OVER: Add high quality infrastructure and urban development.

A basketball court and a grand piano are placed in between the houses.

TITLE OVER: And mix it with a bundle of cultural and sports offerings.

People of all colours and genders are added to the cake. And a lot of flags are planted on the bridge over the river

TITLE OVER: Pour in a harmonious mix of people from various nationalities

a few police cars are added

TITLE OVER: Season with community police at the service of the population.

The hands appear again and add five tablespoons with different colored fluids. Once dropped on the cake, parts of the united nations office appear.

TITLE OVER: Add five tablespoons of political values

The final result becomes visible

TITLE OVER: And you're done. Tasty, isn't it?
